Communism has reached its position in this country by deception. Our purpose is to educate people to what Communism really is, written in plain words for plain people. We are non-partisan, non-sectarian, and have no axes to grind. We have reliable up-to-date sources of information.

Use Smear to Stop Free Speech

JAMES LUSTIG & MARSHAL TITO

Who is responsible for the horrible death of our five airmen who were shot down over Yugoslavia... shot down by orders of Joseph Broz, alias Marshal Tito? Here we answer, Marshal Tito, Josef Stalin—Tito's boss, or Communism — yes, all three are guilty.

But let us here examine one of these three, the so-called Marshal Tito. Here we have an international Communist murderer, who fought in the Red Army in Russia, trained in the Kremlin as a Red agent. Stalin sent him to Spain with the International Brigade, the bloodiest group of Communist church burners who ever desecrated the earth. When Franco whipped these butcher knife sadists, Josef Broz fled to France with the other murderers. (Thousands of these Reds, who were sent to Mexico, just across the Texas border, have slipped into this country a few at a time, and are now on the streets of New York, helping every movement to advance Communism.)

During this last war, Communism chose Josef Broz to organize an underground movement in Yugoslavia to take over the country when it was liberated by the Allies and turn it over to Stalin. Who financed Josef Broz, now Marshal Tito, and the band of blood-thirsty murderers he smuggled in—

Reds Powerful In Key U.E. Offices

When Think Weekly first became interested in Local 441, United Electrical Radio & Machine Workers of America, C.I.O., we had learned that the Phelps-Dodge strike was being directed by aggressive Communists. The more we investigated this union, the more Red it appeared.

We then became interested in the National organization, as we are just as interested in Communism in any other city as we are in Elizabeth. As we received letters from members of UE unions over the U.S., we learned that Stalin's agents are not only directing most of the UE activities, but that every district UE president in the U.S. and Canada, with the exception of four, is

UPTON CLOSE

WOMEN RAVISHED BY FORMER ALLIES

We give you here below an article in part, written by Austin J. App, Ph.D. Dr. App, until drafted into the army in 1942, was head of the English department, University of Scranton, Scranton, Pa., and is now professor of English in a Texas college.

The editors' opinion on the subject is this: If you do not stop Communism, your daughters, wives, and mothers will live under the conditions depicted below. We are as sure that such conditions will exist in this country when Communism takes over, as we are sure these conditions exist at present in Europe. We are also convinced that Communism has already completed at least two thirds of the job of taking control of the U.S.

"I want Christians to protest so loud and long against the brutalizing of the conquered women of Europe that it will thunder around the world, even into Russian hamlets. On that question all the world will be with us, even decent Russians — and these outrages will stop. When one is sure he is right he does

UPTON CLOSE AMONG MANY SINCERE AMERICANS PERSECUTED FOR EXPRESSING HONEST OPINIONS PROMPTED BY LOYALTY TO THEIR COUNTRY.

Upton Close, in his broadcasts over sixty-three stations of the Mutual Broadcasting System for twenty-seven weeks, has been receiving tremendous response to his defense of America against Russian Atheistic Communism. It has been conservatively estimated that he has eight million listeners over the airwaves.

Three weeks ago Upton Close secured time on Station WOR. In invading New York City, the stronghold of the Reds in America, he is opposed not by the Communist Party of the U. S., nor by any confessed Communists, for they do not dare defend Communism in the open. But several organizations are attacking Upton Close. They do not mention any argument or facts he presents; they simply demand that he be removed from the air because he is a Fascist and Anti-Semitic.

Upton Close is no more Fascist or Anti-Semitic than George Washington was. He is simply pro-American, attacking Communists regardless of who they are. The Red organizations have proved that they consider anyone who does not agree with the Russian line of thought to be Fascist and Anti-Semitic. These organizations constitute the Smear Bund of the United States; these are the same organizations that have smeared every prominent person who has defended America against Red activity during the last six years. They smear real patriots, one at a time, and by their Red power and influence cause free speech — our constitutional right — to be denied to true Americans.

Many of these patriots, these true Americans, have been removed from Congress, the platform, and the radio, under the smear that they are Fascists or Anti-Semitic. Do you remember them? You may not agree with their politics, but no one can deny they are sterling, true, Americans who had the courage to stand up for their country in face of any attack.

to Yugoslavia from France? WAIT AND SEE.

Whom did Tito fight when he organized the Reds in Yugoslavia? He fought Mikhailovitch and his army, who were fighting against Germany and a short while ago shot Mikhailovitch, a hero to his country. Tito, as Stalin's agent, rules Yugoslavia, just as other agents of the Kremlin rule Czechoslovakia, Poland, Rumania, Hungary, Finland, Estonia, Latvia, Lithuania, Korea, one half of Germany, and most of China.

Who financed Tito and his Communist Army and set up their government in a country in which they do not belong any more than they belong here in the United States (Reds are doing the same here today)?

The whole dirty Red mess was financed in the United States, mainly in New York, by the Communist front, Joint Anti-Fascist Refugee Committee. Congress has subpoenaed the finance records of this Committee and, having been defied, will press contempt charges against the executive officers. Who are these officers? The principal ones are E. K. Barsky and our old friend, EMMERICH JAMES LUSTIG, candidate on the Communist ticket, former Daily Worker employee, organizer and business manager of District 4 of the United Electrical Radio and Machine Workers of America. Lustig is the brains and manager of the union's strike against the Phelps-Dodge plant in Elizabeth, N. J., the nine-months-old strike in which two thousand men have lost nearly four million dollars in salaries. This evidently does not affect Lustig when he is able to help finance a crowd of Red murderers in far away Yugoslavia.

So we trace the cold-blooded murder of our five boys in Yugoslavia back to Elizabeth, N. J. Lustig is up for indictment by the Un-American Activities Committee of Congress (God bless them), and Lustig should be indicted by the 2000 striking workers of Phelps-Dodge for their loss of millions in salary. Also the Department of Justice should deport Lustig back to Russia for endangering our international position in our relations with Yugoslavia.

Eric L. Pridonoff, former attache to the U. S. Embassy in Yugoslavia, says thousands of our boys lost their lives in delivering supplies to Tito during the war in the belief Tito would use these supplies to fight Germany, but he used them, instead, to set up Communism. Pridonoff also states that on V-E Day all our supply expediting officers in Yugoslavia were given thirty minutes to get out of that country.

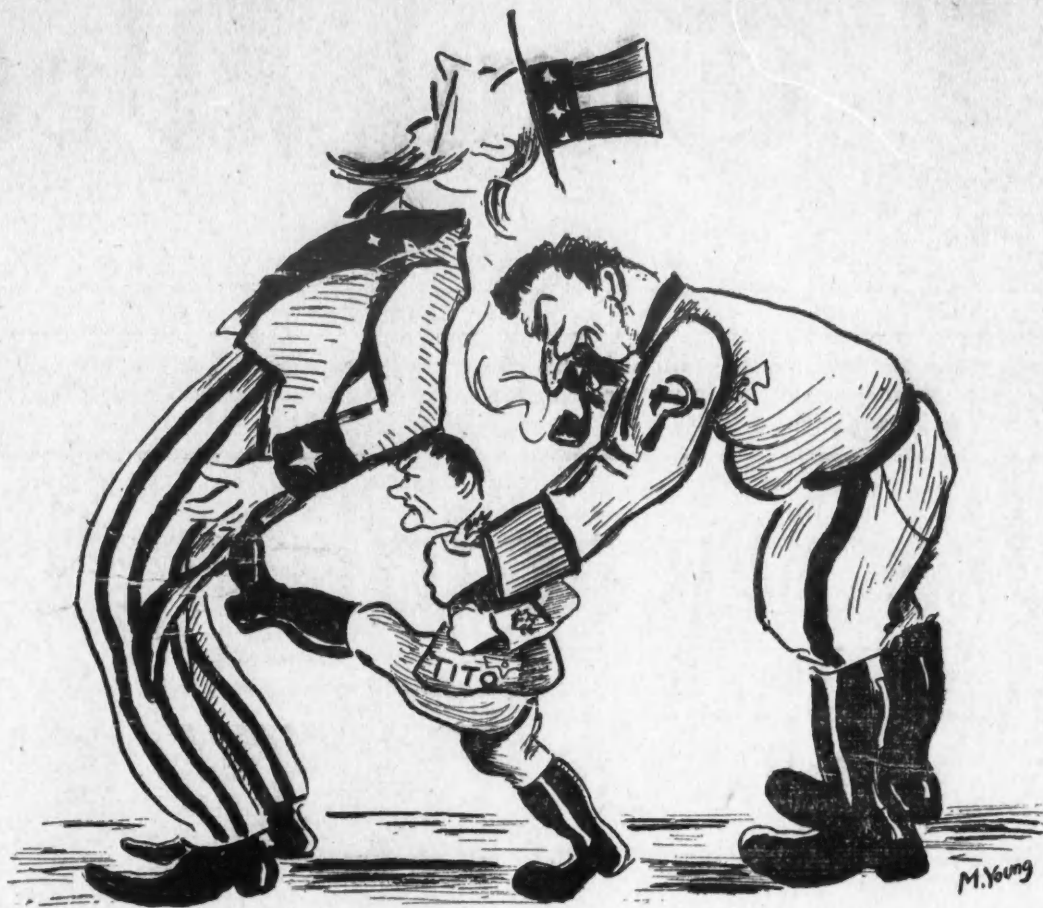

In addition to this, Tito assembled all American and British officers and told them, "Gentlemen, the war is over. You have 24 hours to get out." What gratitude! Of course the Russian officers were not told to go, and the Red Army now rules Yugoslavia. They have seized American plants and property and refuse to return our rightful possessions.

Why did our State Department keep quiet on this issue? Why were the American people denied the true facts? Because the State Department is ruled by Communists with a weak sister as Secretary of State.

No doubt Stalin is proud of James Lustig for his untiring efforts to help set up Tito and the other murderers in Yugoslavia. His picture should hang alongside Lenin's in Moscow.

Where did Lustig get all his money? THINK.

"KICK UNCLE SAP AGAIN, JUNIOR — I'M BACKING YOU UP"

La Guardia Has Earned Honors From Moscow

During the years Mr. LaGuardia was Mayor of New York, he was careful to make a remark every once in a while to impress the public that he was not a Red, but his actions, in direct contradiction to these well planned statements, have always been in support of the Reds and radicals. In studying these actions, from the time the bill was before the New York legislature to compel the display of an American Flag at all public gatherings, up to his present activities in Europe, we do not find any opposition to the Reds.

Often Mr. LaGuardia reminds us of a clown, but this is only on the surface, for obviously underneath all this, he is a willing and effective servant to the Reds. From pictures of LaGuardia dancing in CZECHOSLOVAKIA last week, we judge he feels at home in that Communist-governed country. PRESIDENT BENES, the 100% Communist agent of Stalin, awarded LaGuardia the Order of White Lion for his UNRRA work. It should have been called the Order of the Red Russian Lion.

Was this award, this Order of White Lion, the advance pay for the job LaGuardia was to do a few days later in Germany when he discharged Lt. Gen. Sir. Frederick Morgan as UNRRA's Chief of Displaced Persons operations in Germany? And why was Gen. Morgan discharged? because he had offended Communist Russia by stating that Russia was using UNRRA as a means of gathering information from the English and American zones of occupation. Just as General Patton went down for opposing the Reds in Germany, so now the efficient English General is the victim of RED influence and power and is returned to London so that the Communist spies may operate unmolested.

In General Morgan's place was appointed Meyer Cohen.

Mr. Josef Stalin was apparently well pleased with Mr. LaGuardia's work in Europe, for a few days later Stalin reports he enjoyed a visit from LaGuardia. Stalin likes to receive reports on how the work is progressing in the U.S. No doubt any honors bestowed on LaGuardia in Moscow are well deserved.

While LaGuardia is doing such a "good" job in Europe, he is not neglecting the home front. In his column, carried by Sachs stores in their ad of August 22 in New York News, LaGuardia upholds the International Information and Cultural Affairs of the State Department. Programs in all languages are going out all over the world from this powerful station while our TAXPAYERS foot the bill. We have understood that this is mainly COMMUNIST propaganda and that this is the reason the AP and UP news agencies refuse to sell their services to this agency.

Mr. LaGuardia, in addition to smiling approval on this State Department Service, also praises the wonderful work done in the past by the O.W.I. Our understanding has been that O.W.I. staff was at least 90% Red, and when O.W.I. was absorbed by the State Department, four thousand of its members went into this Department.

Mr. LaGuardia ends his column by saying that "the Associated Press and the United Press should stop being silly and sell their services to the State Department". When and if Stalin gets control here, he may allow LaGuardia to run the News Agencies as Stalin runs them in Russia !!!

FREE SPEECH IN AMERICA ON TRIAL (continued from first page)

for hate and smear by these Communist-dominated organizations:

Upton Close Eddie Rickenbacker
Herbert Hoover Douglas MacArthur
and every organization in the U.S. that
is fighting Communism.

This same Smear Bund crowd objects to everyone who dares to defy Stalin in his aim to conquer the world, or who attacks the Red Communists' wholesale rape and murder in Europe. This Red crowd backs every movement to give the atom bomb to Russia, to legalize socialized medicine, and all other legislation designed to regiment our citizens for Red slavery.

We challenge any organization fighting Upton Close to make a statement condemning Communism. These organizations do not dare condemn Communism. Anyone who would introduce such a resolution in a meeting would be mobbed. Why don't you try it, though, and prove that we are wrong? How many members of these organizations are helping to stop Communism? How many have condemned Communism? Tell us the names of just a few.

Anyone who has studied Communism knows that this Red crowd constitutes the power house of Communism in the U. S. They are determined to get Upton Close off the radio to keep him from exposing the Red element in our government and preventing the Reds from gaining control of Congress in the November elections.

If these organizations are honest, why don't they challenge Upton Close — and other defenders of America — to open debate or answer him on the radio — make a monkey of him — show the public how he misrepresents the Reds and Russia — discredit him by argument — but don't brand him something he is not or deny him free speech. (F.D.R. said we were fighting this war for freedom of speech — now are we to deny it at home?) Prove to Upton Close's audience that Communism is not anti-American and not anti-Christian. **PROVE IT — IF YOU CAN !!**

Now is the time a real defender of America needs our support. Are we cringing, cowardly, make-believe Americans who like to fight an easy armchair battle, or do we love our country sufficiently to stand behind a patriot who has the courage to fight for us?

In the name of America and our families, our churches and homes, we urge every sincere person to devote time to learning what Communism is and who is behind it. You owe it to your loved ones to learn quickly all the facts about this deadly scourge which will enslave you, possibly within a few months. If all our crusaders in this campaign are to be crushed, who is to defend us? To what country will you flee when Communism takes over?

Upton Close and all of us on the front line need you to back us up if you, the American people, want to win this fight. We ask everyone, regardless of creed, to pray to God to help Americans to THINK before it is too late. Ask God to give us strength, good judgment, and courage to carry this battle through to success. Help us with your money and circulate papers with the truth about Communism.

HELP KEEP UPTON CLOSE ON THE RADIO. Terrific pressure is being put on W.O.R. by the Reds.

Bit of This & That

By David Goldstein, LL.D.

CONDEMNATION OF "RUSSIANS": "We should not condemn the Russians. We should learn to understand them," say the Russia Firsters, many of them not Communists. Active opponents of the Soviet Union need no further knowledge of the "Russians." They know all that is necessary to know about the Stalin dominated U.S.S.R. to warrant its condemnation.

They need but contrast what happened to Finland, Estonia, Lithuania, Latvia, Poland; and what is happening in Iran and Turkey, to the following declaration of Stalin in 1942, to warrant their attitude towards the "Russians":

"We have not nor can we have such war aims as the seizure of foreign territories, or the conquest of other peoples, irrespective of whether European peoples and territories or Asiatic peoples and territories, including Iran, are concerned. Our first aim is to liberate our territories from the Nazi yoke."

"We have not nor can we have such war aims as the imposition of our will and our regime on the Slavic and other enslaved peoples of Europe who are waiting for our help. Our aim is to help these peoples in their struggle for liberation from Hitler's tyranny and then to accord them the possibility of arranging their lives on their own land as they think fit, with absolute freedom. No interference of any kind with domestic affairs of other nations" is contemplated.

What the "Russians" said or agreed to in 1942 did not count with them in 1945; and whatever they may promise in 1946 will be disavowed in 1947, if it furthers their Red Revolutionary objective.

KU KLUX KLAN

In our August 4th issue, we warned good Americans that the Reds were creating a straw man, KU KLUX KLAN, in order to divert activities against Communism to fighting the Ku Klux so that the Reds could proceed with their program.

From Florida comes a report from Joseph B. Thornton, F.B.I. agent, that the C.I.O. has tried to do just as we warned.

We repeat that if the Klan or a similar organization is revived, it will be because our authorities fail to curb the clever Reds.

REDS POWERFUL IN U. E. (continued from first page)

Communists. We later learned that the UE official paper is controlled by Communists. We learned that Julius Emspak, the secretary-treasurer, is as strong a Russia Firster as Emmerick Lustig. We learned that many Reds who are thrown out of other unions because of being Communists are added to the payroll of UE.

It is evident, however, that many more UE members are non-Communists and they are becoming very active in trying to remove this stain of Communism from UE unions. Delegates from ten of the eleven UE districts throughout the nation have called a convention in Milwaukee for September 9th to try to remove Reds from control. We ourselves can say that the following locals are trying to clean the Commies out of their organizations:

Union at Sperry Gyroscope Co., New York.

Several unions in District 4, New York.

Philadelphia District No. 1.

Pittsburgh, Pa.

Dayton, Ohio.

Saint Louis, Mo.

Essex County U.E. 410.

And many members of Local 441 U. E., Elizabeth, N. J., now on strike more than eight months at Phelps-Dodge plant.

In the midst of this activity by members who are anti-Communist, the Reds who are in control are working to get more and redder agitators into their union. They have now strengthened their staff of Stalin agents with **Clarence A. Hathaway**, former member of the Communist big three executive committee, and also a former editor of the *Daily Worker*, official Communist paper. Hathaway is now business agent for the United Electrical Radio & Machine Workers of America C.I.O., Minneapolis; this is a counterpart to the office held by Emmerick Lustig in New York and Northern New Jersey. May we remind you that Lustig was also connected with *The Daily Worker* shortly after he came from Hungary.

While editor of *The Daily Worker* and before serving thirty days in prison for libel, Clarence Hathaway made the front pages when he was exposed as sending a cable to RUNAG, the Soviet Press Bureau in Moscow, April 16, 1939, in which he asked to be advised as to what policy *The Daily Worker* should pursue. This was just previous to the signing of the Hitler-Stalin pact before World War II. Copies of his cable and the reply were published.

The hiring of Hathaway by U.E. bears out our statements as to Communist direction in UE nationally and in Local 441 at Phelps-Dodge, Elizabeth, N. J., where we have reminded the members that the direction of their strike can be traced back through the National officers to Moscow. This Hathaway incident is proof that Communists here in the U.S. are directed from the Kremlin in Moscow.

RAVISHING THE WOMEN OF EUROPE

(continued from first page)

not need to fight. It is only when one 'gets tough' where one is half wrong, that one gets into wars.

"These are the sentiments with which I offer this pamphlet to you.

"Our fellow-re-educators of Germany, our Russian Allies, entered Danzig, March 24, 1945. A 50-year-old Danzig teacher reports that the following day her niece, 15, was raped seven times, her other niece, 22, fifteen times. A Russian officer told the women to seek safety in the Cathedral. After they were securely in, our brothers-in-arms entered and, playing the organ and ringing the bells, kept up a foul orgy through the night, raping all the women, some more than thirty times. (See Nord-Amerika, Dec. 6, 1945 .p.1). Surely, that's a wonderful time -- for the fellows helping us try the Germans at Nuernberg!

"Dr. O., a Catholic pastor Danzig, declares, "They violated even eight year old girls and shot boys who tried to shield their mothers."

The Russians Practice Unconditional Surrender Literally

"A Russian general said to Lieut. General Ira Eaker, commander of the Mediterranean Allied Air Forces, "We've decided just to kill all the German men, take 17,000,000 German women and that will solve it" (San Antonio Light, June 14, 1945).

"And these beloved fellow-liberators of ours are doing very well indeed. They know why one wants Unconditional Surrender and why Americans cried for a 'harsh' peace against the Germans, and they understand the spirit of the Morgenthau Plan: **In Vienna alone they raped 100,000 women, not once but many times, including girls not yet in**

THE VIEWS OF A SPANISH SOCIALIST CONCERNING THE FRANCO REGIME

The Madrid daily "Arriba" recently published an article by the writer Regina Garcia, a member of the Spanish Socialist Party. During the Republic and during the Spanish Civil War she held important government posts, as is well known. She was a press correspondent and liaison officer under General Miaja, editor of the army paper "The Voice of the Fighting Men", and a contributor to other left-wing Madrid newspapers.

The article by Regina Garcia, which has now appeared in "Arriba", comments on the accomplishments of the present Spanish Government, and states that they have led her to retract her former position, and to join in the task of Christian social reform now being carried out in Spain.

The writer adds:

"Anyone of honest conscience, and impartial judgment, cannot fail to recognize the soundness of the program of the Spanish Government, and the privileged position that it enjoys in the midst of a world filled with hatred and misunderstanding. Franco and his Government are accomplishing an almost miraculous feat. The only ones who do not recognize the truth about Spain are those whose souls are filled with hatred and false ambitions. The rest, those who are honest and sincere, including the enemies of yesterday who are friends today, proclaim and defend the truth which is clearly the aim of the present Spanish Government."

HEAR UPTON CLOSE ON WOR
TUESDAY NIGHTS AT 10:15

their teens, and aged women! So reported the Most Rev. Bernard Griffin, British Archbishop (now cardinal) after a more or less official tour to study conditions in Europe. (NC Report, Oct. 18, 1945).

"A Lutheran pastor, in a letter of Aug. 7, 1945, to the Bishop of Chichester, England, describes how a fellow pastor's 'two daughters and grandchild (ten years of age) suffer from gonorrhea, result of rape' and how 'His mother, eighty-three years of age, died of consequences of rape,' and how 'Mrs. N. was killed when she resisted an attempt to rape her' while her daughter was 'raped and deported, allegedly to Omsk, Siberia, for indoctrination' (See Tablet, Oct. 27, 1945). Indeed, the re-educators of Germany are having a wonderful time! And the Morgenthau Planners and the 'harsh' peace boys are leering with joy!

Neither Old or Young or Nuns are Spared

"The day after our noble fellow-crusaders conquered Neisse, Silesia, 182 Catholic nuns were raped. "In the Diocese of Kattowitz sixty-six pregnant nuns were counted. In one convent when the Mother Superior and her assistant tried to protect the younger nuns with outstretched arms, they were shot down. The priest who reported this said that he knows 'several villages, where all the women, even the aged and girls as young as twelve, were violated daily for weeks by the Russians.' (See Nord-Amerikak, Nov. 1, 1945).

"We Allies Are No Monsters!" Aren't We?

"We Allies are no monsters," said Churchill to the Germans in January, 1945. "This, at least, I can say on behalf of the United Nations, to Germany -- Peace, though based on unconditional surrender, will bring to Germany and Japan immense and immediate alleviation of suffering and agony" (Time, January 29, 1945).

"Oh, yeah!" 'as a newsboy would say. Since that time the Allies who are no monsters have raped more Christian women than have literally ever before been raped in the history of the world. They have put Germany on a 1300-calory starvation level; they have looted twelve million people of their homes, goods, food and even clothes and have driven them from their homelands; they have kept or taken their men into slave labor; they have taken one-fourth of their farmland and their ships and their factories and most of their farm implements, and then told them to live by farming; they have abused and starved to death more German babies than there ever were Jews in Germany; and, finally, they raped and debauched hundreds of thousands of German, Austrian, and Hungarian girls and women from eight to eighty. They brought to their death five times as many Germans in one year of peace as died during five years of war! Yes, yes, of course, "We Allies are no monsters!"

Bevin: "It Was the Most Awful Sight"

"After British Foreign Secretary Ernest Bevin saw what the Allies were doing to 'some 15 million German displaced persons' that had been looted and driven from their homes, he cried in parliament, 'I felt, my God, that is the price of man's stupidity -- It was the most awful sight' (Time, Nov. 5, 1945, p.30).

"Sylvester C. Michelfelder, a Lutheran pastor, just returned from Germany, described in The Christian Century how 'Bands of irresponsible bandits in Russian or American uniforms pillage and rob the trains. Women and girls are violated in sight of everyone. They are stripped of their clothes.' Yes, the holy re-educators of Germany are having a wonderful time!"
